

THE MALAYSIAN JOURNAL OF PATHOLOGY

CONTENTS

Guidelines

- Best practice guidelines for standardised placental pathology reporting: A recommendation by perinatal pathology working group, Chapter of Perinatal and Paediatric Pathology, College of Pathologists, Malaysia 203
Rahim NS, Abdullah NA, Abdul Rahman H, Omar SZ, Siah HH, Talib A, Tan GC, Tan LJ, Wong YP, Zainun KA, Adzman S

Perspective

- HER2 ultralow in metastatic breast cancer: Diagnostic boundaries in the era of antibody–drug conjugates 229
Ch'ng ES

Review Articles

- Navigating the legal and regulatory landscape for digital pathology in Malaysia 233
Abdul Rahman NR, Othman NH, Ch'ng ES
- The oral microbiome and dental health during pregnancy: Impact on maternal and foetal health outcomes 241
Pan SW, Wong KK, Lim QW, Soo E, Cheah FC
- Autophagy in testicular physiology and male fertility: Mechanisms, dysregulation, and translational opportunities 257
Al Salman MFA, Ekeuku SO and Chin KY
- Comparison of adverse events of three anti-VEGF drugs for the treatment of age-related macular degeneration 267
Rosito A, Caranti S and Verna R

Original Articles

- Development of a histological grading system for assessing microplastic-induced structural damage in rat aorta, trachea, and bladder tissues following acute exposure 277
Chin MY, Tan GC, Ungku Mohsin UMJ, Lee MK, Tshai KY, Selvam SB, Ting KN
- HER2-low breast carcinoma: A newly recognised entity driving paradigm shifts in precision treatment 293
Chiew SF, Looi LM, Chang SW, Cheah PL
- The performance and role of BI-RADS classification in predicting malignancy in non-palpable breast lesions 305
Abu N, Lai SK, Hussin H, Shamsudin NH

Case Series

- Granular cell tumour in tracheobronchial tree: Two case presentations with different outcomes 313
Tegelitja D, Samardžija G, Krajnović B, Bijelović M, Maksimović S, Miljković D, Popović M

Case Reports

- Hodgkin lymphoma mimicking the IgG4-related disease: A diagnostic pitfall..... 319
Bala Krishnan P, Yong KY, Chua TFG, Armon S, Mat Ripen A
- Recurrent myxopapillary ependymoma: A diagnostic challenge 325
Abd Rani NH, Ahmad Kammal WSEW, Mohammed Rusli ER, Ab Muin NF, Rosli N
- Fungal ball-type maxillary sinusitis associated with *Penicillium* species:
A case report and management perspective..... 331
Abdul Wahab AF, Gendeh HS, Zahedi FD

Letter to Editor

- The evolving role of pathology in early triple-negative breast cancer in the
era of immunotherapy 337
Rosli N, Md Zin RR, Ab Muin NF, Rosli I
